

## Acknowledgement

First of all I would like to show my profound gratitude to my guides Prof. S.K. Borthakur and Prof. Ranee Das for their able guidance. I will not forget their effort to help me to acquiring of research knowledge and useful facts.

I owe my humble gratitude to T.C.Sharma,Dean, School of Biological Sciences for valuable advice. I have to thank P.K.Baruah, Head of Department, Dept. of Botany, USTM, Meghalaya, for facilities and his overall supervision to bring positive changes during my research work. I have due word of thanks for all the community persons for their participation during field work. I am thankful to Dr. Purnima Devi, former HOD, Dept. of Botany, Cotton College, Guwahati, for her practical knowledge and advice. It would not have been possible to solve problems of biostatistics without the help of Dr Parbin Sultana, Controller of Exams & Admission, USTM. My due gratitude deserves to Mr.Shyamanta Boro, Librarian in charge, USTM, Meghalaya, for facilities. I am also thankful to Librarians, Krishna Kanta Handique Library, Gauhati University, Guwahati, and Manipur University, Canchipur, Imphal, for facilities. This research is impossible without plant identification at herbarium centers of Dept. of Botany, Gauhati University, Botanical Survey of India (BSI), Kolkata and BSI, Shillong. Therefore, I would like to thank A. A. Mao, Principal Scientist and HOD, BSI, Shillong, Scientist-in-charge, Herbarium section, BSI, Kolkata and G.C. Sharma, Curator, Herbarium Center, Dept. of Botany, Gauhati University & HOD(s) of Dept. of Botany, Gauhati University, Guwahati.

I am highly obliged to Mr Akbar Shah (M. Sc. Geology) for his helping to draw maps. My appreciation is due to my parents for their words of encouragement and monetary help. I have to thank Dr B. D. Thumdal, Principal, United College, Lambung, Chandel, for his support and encouragement. I have to thank my wife, Subhana Shaikh for her patience and help during herbarium management.
