

## **TITLE OF THE FIGURE**

| <b>No.</b> | <b>Title of the Figure</b>  | <b>Page No.</b> |
|------------|---|-----------------|
| 1.1        | The life cycle of Malaria Parasite  | 3               |
| 1.2        | Map of Assam  | 7               |
| 1.3        | Map of Kamrup Metropolitan District   | 11              |
| 1.4        | Map of Sonapur BPHC showing Hazongbori SC   | 15              |
| 3.1        | Research Areas(Study and Control Villages)  | 33              |
| 4.1        | Age/Sex Distribution of Malaria Positive Cases (Study Village)  | 59              |
| 4.2        | Age/Sex Distribution of Malaria Positive Cases (Control Village)  | 59              |
| 4.3        | Types of Malaria Prevalence in Study Village  | 60              |
| 4.4        | Types of Malaria Prevalence in Control Village  | 60              |
| 4.5        | Comparison of Age Distribution of Respondents of Study and Control Village                                    | 69              |
| 4.6        | Comparison of Educations of Respondents of Study and Control Village  | 69              |
| 4.7        | Comparison of Occupation of Respondents of Study and Control Village  | 70              |
| 4.8        | Comparison of ST/Non-ST status of Respondents of Study and Control Village                                    | 70              |
| 4.9        | Comparison of Monthly Income Status of Respondents of Study and Control Village                               | 71              |
| 4.10       | Comparison of Marital Status of Respondents of Study and Control Village                                      | 71              |
| 4.11       | Comparison Family Type of Respondents of Study and Control Village  | 72              |
| 4.12       | Comparison of Awareness of Malaria of Respondents of Study and Control Village                                | 72              |
| 4.13       | Comparison of Methods Adopted for Preventive Measures for Malaria of Respondents of Study and Control Village | 73              |

|      |   |    |
|------|---|----|
| 4.14 | Comparison of Health Seeking Behavior of Respondents of Study and Control Village | 73 |
| 4.15 | Age Distribution of BMI in Study Village  | 76 |
| 4.16 | Age Distribution of BMI in Control Village  | 76 |
| 4.17 | Comparison status of BMI in Study and Control Village                             | 77 |
| 4.18 | BMI criteria with Sex Distribution  | 77 |
| 4.19 | Association of Malaria with BMI   | 78 |
| 4.20 | Comparative Nutritional Evaluation of Study and Control Villages                  | 86 |
| 4.21 | Comparative Energy generation of Study and Control Villages                       | 86 |
